From the Principal

March is a great time of year for schools. The spring weather and longer days are uplifting, we begin to see the time invested in our students pay off, the excitement about forecasting and planning for the upcoming year are energizing, and graduation is right around the corner.

We are beginning the forecasting process with our 9th, 10th, and 11th grade students. This is a perfect time to sit down with your student to discuss what they are looking to accomplish at Barlow and how that connects with their goals for the future. Through these conversations you will be able to help them pick the classes that best prepare them for life beyond high school.

I encourage you to visit our school website, and download our Academic Program Guide. While there are several pieces of key information, please pay close attention to the following pages and ideas:

- Pages 4 and 5 highlight the suggested classes for post high school options. This is a great way to identify how you can help your student select the best courses for their long-term goals.
- Page 12 outlines classes that students can take at Barlow to earn College Credit. Earning college credits for no charge while in high school is an opportunity that we want students to take advantage of.
- As your student looks to take elective classes, please try and find electives that are related to their future goals. For example, if a student wants to enter an apprentice program in Carpentry, they should take as many Woods and AutoCAD classes as possible to prepare them for that path.

One of our primary goals is to have students College and Career Ready by the time they graduate. When students and families plan their course selections carefully, along with the guidance from our counselors and teachers, we have the best chance of reaching that goal. Thanks for your help in this process.

FROM THE COLLEGE & CAREER CENTER

Students need to fill out their FAFSA (Free Application for Federal Student Aid) NOW! The FAFSA is available online at www.fafsa.ed.gov.

Seniors, The Dale Krueger Scholarship is here!

Yes, it's finally here. The Dale Krueger Scholarship is now available in the College & Career Center. The total scholarship award is \$2,000 per year for up to four years of eligibility as an undergraduate student. For more information, see the application at: www.dalekruegerscholarship.com There is a second portion of the application, in addition to the online application. Students have the option to turn in a portfolio of their accomplishments to the College & Career Center. This portfolio is due on April 1, 2016, no later than 5:00pm. See the Barlow webpage under "student resources" and then go to "Career Center." There is a link there to the information about this supplemental information. You can also pick up a copy of the information in the CCC. Remember to add letters of recommendation to this scholarship! You will also need to have an unofficial transcript run for you to upload into the Krueger. Get that in the CCC, too.

Letters of Recommendation: Get those recommendations from teachers/adults for your applications and scholarships! Remember to ask early – give them at least a week (sometimes longer) to get a recommendation back to you. Also provide the person writing your recommendation with your activity chart (resume) and the criteria of the scholarship for which you are applying. Also, please remember to write a quick "thank you" note to the person writing your letter. They have given of themselves for your benefit.

Official Transcripts: When asking for a transcript from the Registrar's Office, 24 hrs. notice is required and is strictly enforced. Do not expect an immediate turn around. Unofficial transcripts can be run for you in the College & Career Center.

Scholarships: Students should be stopping in regularly to check for new scholarships. New opportunities come in every day. You can also go to our website to look up scholarships at sbhs.gresham.k12.or.us, or come into the College & Career Center for the most up-to-date information. There are also computers available for research on colleges and scholarships. Scholarships are either need-based or merit-based. Even if you don't think you can get financial aid, you can win scholarship money. Remember, ASPIRE advisers are available during the lunch hour (11:30am-1:30pm) to help students and answer questions.

COMING SOON...

Tuesday, May 3, at 6:30pm in the Auditorium... "College 101 and FAFSA Info," presented by ASPIRE. Juniors, this is an important meeting for you and your family. Learn what you should be doing to prepare for your college search. Hear about the ACT and the SAT. How much will college cost and how does a student get financial aid? Don't forget, juniors, you will be doing your FAFSA next year in October, not January as has been done in the past. Don't forget to attend the Spring College Fair at the University of Portland Chiles Center Arena, Sunday, April 24, 12:00-3:00pm. Talk to representatives from dozens of colleges and consider which schools you'd like to visit before you decide where to apply in the fall.

BE RECOGNIZED for your scholarship offers...

Seniors, have you been offered a local or college scholarship? Please be sure to see Mrs. Neuenschwander in the College & Career Center – This is important for graduation and the Evening of Excellence - We want to make sure you are recognized for your achievements! We want to know about all scholarships offered to you, not just the ones you accept!

Parents & Community Members: WE NEED YOU!!!

We are looking for parents and community members to serve on our Mock Interview panels. Mock Interviews will be held Thursday, April 7, and Friday, April 8. This is a wonderful opportunity to help foster professionalism with our sophomores as they prepare for the working world.

Please e-mail Neuenschwander@gresham.k12.or.us if you have questions or would like to help.

Band Kudos

Of the extremely talented musicians that make up Portland Youth Philharmonic Orchestra, one student each year is chosen through an open audition to perform as a soloist with the orchestra. This year, Sam Barlow is honored to announce that our very own senior, **Anna Larson** will be this year's soloist. Anna has been a musician her whole life, picking up the violin at the young age of three. Anna devotes her life to her music. Anna is nearing the end of her high school experience, but this is just the beginning of her career as a professional musician. Recently, she has been making her way around the eastern United States, auditioning for some of the top music colleges in the country including Oberlin Conservatory of Music and Cleveland Institute of Music, both in Ohio, Boston University, and the Eastman School of Music in New York. The PYP winter concert takes place on March 5th at the Arlene Schnitzer Concert Hall, where Anna Larson will be performing her solo. Good Luck, Anna! Your fellow Bruins are so proud of you!

This article is written by Amanda Hendrickson. You can watch for the extended story coming soon in "*The Banner*" Newspaper.
